

## RL19 Rabbit pAb

CatalogNo: YN0376

### Key Features

#### Host Species

- Rabbit

#### Reactivity

- Human, Mouse, Rat

#### Applications

- WB, ELISA

#### MW

- 21kD (Observed)

#### Isotype

- IgG

### Recommended Dilution Ratios

**WB 1:500-2000**

**ELISA 1:5000-20000**

### Storage

#### Storage\*

-15°C to -25°C/1 year (Do not lower than -25°C)

#### Formulation

Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.

### Basic Information

#### Clonality

Polyclonal

### Immunogen Information

#### Immunogen

Synthesized peptide derived from human protein . at AA range: 50-130

#### Specificity

RL19 Polyclonal Antibody detects endogenous levels of protein.

### Target Information

#### Gene name

RPL19

|                              |                                                                                                 |                       |                         |
|------------------------------|-------------------------------------------------------------------------------------------------|-----------------------|-------------------------|
| <b>Protein Name</b>          | 60S ribosomal protein L19                                                                       |                       |                         |
|                              | <b>Organism</b>                                                                                 | <b>Gene ID</b>        | <b>UniProt ID</b>       |
|                              | Human                                                                                           | <a href="#">6143;</a> | <a href="#">P84098;</a> |
|                              | Mouse                                                                                           |                       | <a href="#">P84099;</a> |
|                              | Rat                                                                                             |                       | <a href="#">P84100;</a> |
| <b>Cellular Localization</b> | nucleolus,cytoplasm,cytosol,ribosome,focal adhesion,membrane,cytosolic large ribosomal subunit, |                       |                         |
| <b>Tissue specificity</b>    | Brain,Hypothalamus,Liver,Lung carcinoma,Muscle,                                                 |                       |                         |
| <b>Function</b>              | similarity:Belongs to the ribosomal protein L19e family.,                                       |                       |                         |

## Validation Data

Western blot analysis of lysates from KB cells, primary antibody was diluted at 1:1000, 4°over night
