

## RM23 Rabbit pAb

CatalogNo: YN0861

### Key Features

#### Host Species

- Rabbit

#### Reactivity

- Human,Rat,Mouse

#### Applications

- WB,ELISA

#### MW

- 16kD (Observed)

#### Isotype

- IgG

### Recommended Dilution Ratios

**WB 1:500-2000**

**ELISA 1:5000-20000**

### Storage

#### Storage\*

-15°C to -25°C/1 year(Do not lower than -25°C)

#### Formulation

Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.

### Basic Information

#### Clonality

Polyclonal

### Immunogen Information

#### Immunogen

Synthesized peptide derived from human protein . at AA range: 40-120

#### Specificity

RM23 Polyclonal Antibody detects endogenous levels of protein.

### Target Information

#### Gene name

MRPL23 L23MRP RPL23L

|                              |                                                                                                                             |                       |                         |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------|-----------------------|-------------------------|
| <b>Protein Name</b>          | 39S ribosomal protein L23, mitochondrial (L23mt) (MRP-L23) (L23 mitochondrial-related protein) (Ribosomal protein L23-like) |                       |                         |
|                              | <b>Organism</b>                                                                                                             | <b>Gene ID</b>        | <b>UniProt ID</b>       |
|                              | Human                                                                                                                       | <a href="#">6150;</a> | <a href="#">Q16540;</a> |
|                              | Mouse                                                                                                                       |                       | <a href="#">Q35972;</a> |
|                              | Rat                                                                                                                         |                       | <a href="#">Q63750;</a> |
| <b>Cellular Localization</b> | Mitochondrion .                                                                                                             |                       |                         |
| <b>Tissue specificity</b>    | Uterus,                                                                                                                     |                       |                         |
| <b>Function</b>              | similarity:Belongs to the ribosomal protein L23P family.,                                                                   |                       |                         |

Validation Data

Western blot analysis of lysates from A431 cells, primary antibody was diluted at 1:1000, 4°over night
